# GRADUATION 1974

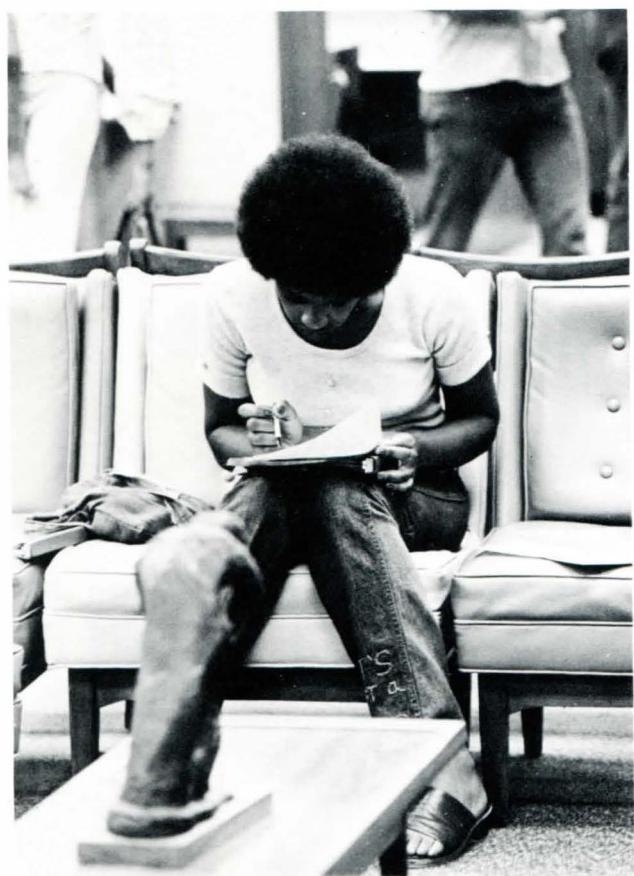

Graduation, being the highest peak in the life of many. For some it was to be everything in life, but for others only the beginning.

Main Speaker — Leo W. Jenkins

The people flooding campus on September 11, could have been classified by their action into three groups: Upperclassmen, freshman and parents. Upperclassmen found campus regrettably unchanged, so they went hunting for old friends and a cool place to relax. Freshmen found campus a beehive of excitement and activity. If they seemed a little out of place, it was only because there was a lot to do and they were a little uncertain about what should be done first. Parents found campus disconcerting.

Registration, add-drop, the first days of class, book buying . . . At Western Piedmont Community College, as at every other community college of 1,500 or more students, it was pure hell.

# Student Life

# FRIENDSHIP . . . LOVE . . . NEED . . .

You live from day to day searching for these special things. You must find it in yourself to love, to need, to reach out and touch the heart and soul of someone close. School wasn't just a place to learn facts and figures, but to introduce you to your world. A world that needs your ambitions and desires in order to survive.

Please, reach out now.

Throughout the year you searched for new things to do, new adventures to try, new challenges to conquer. And as you searched, you did it in your own way, a simple matter of "you do your thing, and I'll do mine."

It is a new day . . .  
a different day . . .  
a new time . . .  
a different time . . .  
ready to begin . . .  
looking upward for new horizons . . .  
sure to find them, so I've been told . . .  
longing to know, but not always knowing  
why . . .  
back again as before and then  
a new day  
a new time  
but, it's only time

If we discovered that we had only five minutes left to say all we wanted to say . . . people would be rushing to others to stammer how much they loved them.

1975

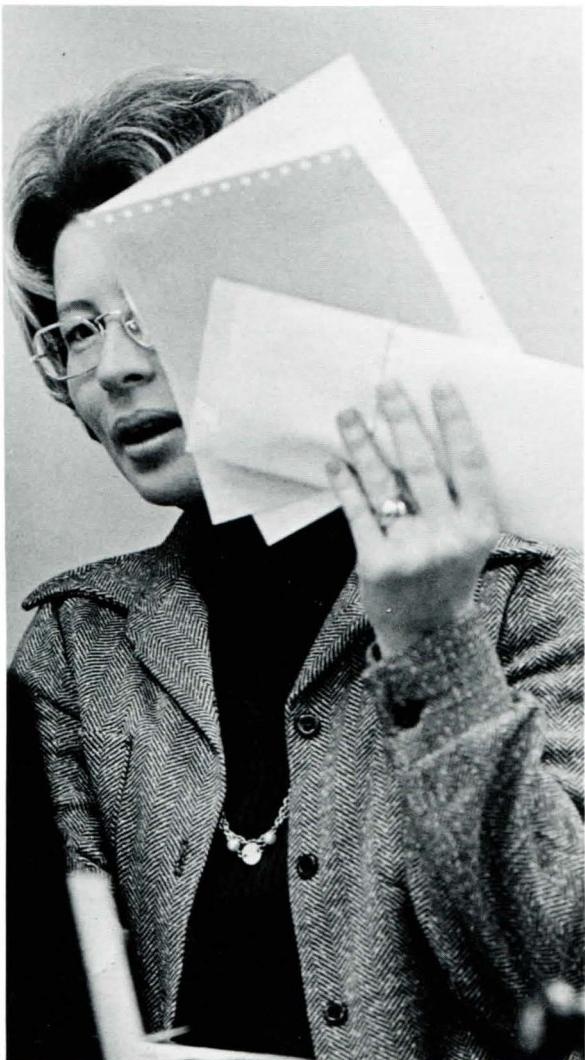

People are strangers to  
themselves at times,  
Searching and reaching,  
trying to grasp hold  
Only learning that things  
come naturally . . .  
And understanding self —  
knowledge comes along in time . . .

People have problems.  
Basically all problems are  
Alike . . .  
It's the way we handle them  
That sets off one from  
Another

People grow through experience.  
Experience helps or harms  
us.  
To chose the positive or  
negative side  
Depends upon each individual.

People are alike and different  
No matter how an individual  
goes about growth  
and learning  
The important thing is  
Achieving them  
And gaining the satisfaction  
that accompanies them.

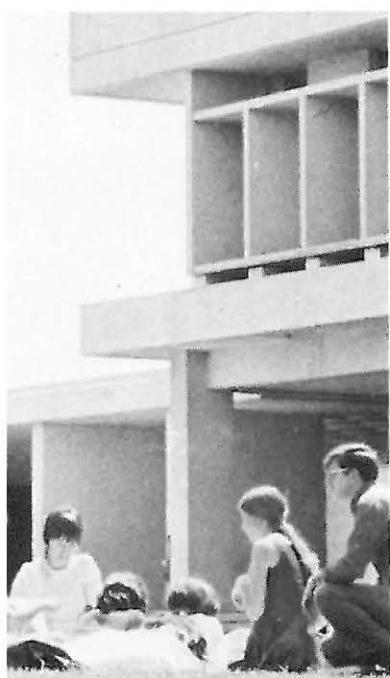

If there was one thing you learned as a student, it was to make the most of the moment. You took advantage of the things that were happening then and there though you knew that the lost would have to be made up, probably at the cost of a good night's sleep.

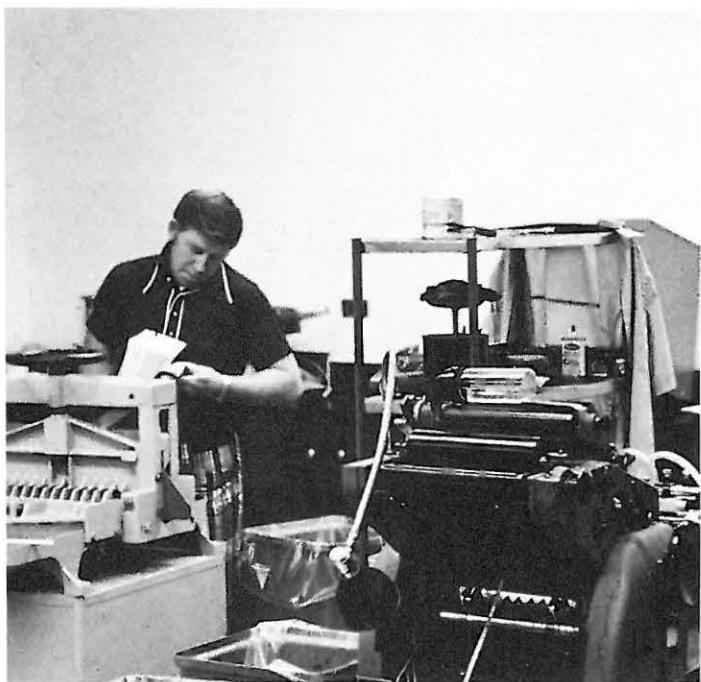

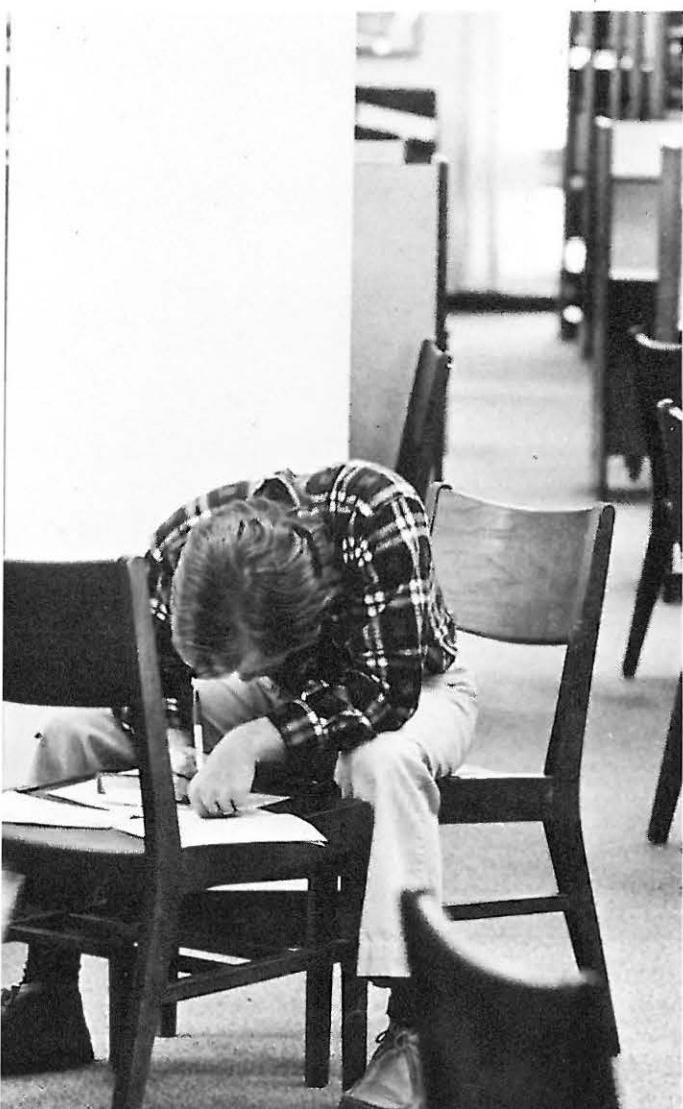

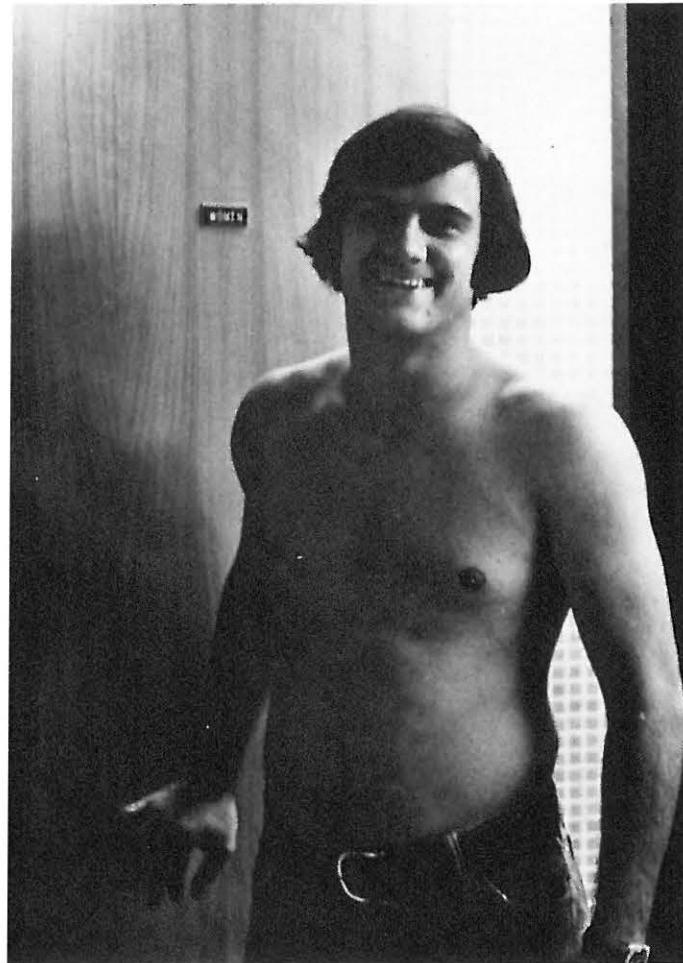

I contradict myself.  
I am large.  
I contain multitudes.  
— Walt Whitman

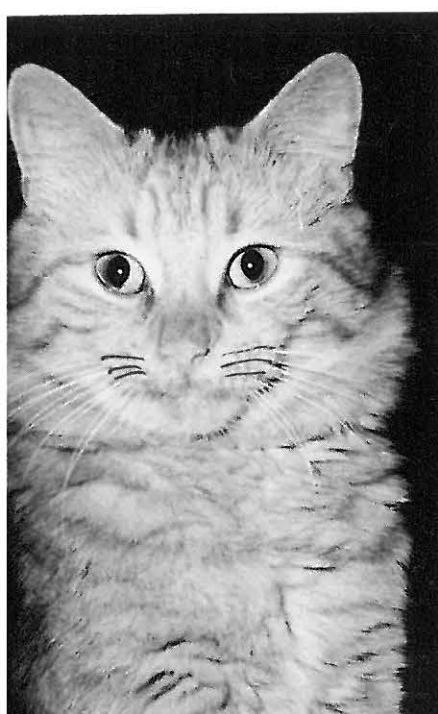

And a youth said, Speak to us of friendship  
And he answered, saying:  
Your friend is your needs answered.  
He is your field which you sow with love and reap with  
thanksgiving.  
And he is your board and your fireside.  
For you come to him with your hunger,  
and you seek him for peace . . .  
Kahlil Gibran

It ought to be plain  
How little you gain  
By getting excited and vexed.  
You'll always be late  
For the previous lecture  
And always in time  
For the next.

## **TECHNICAL DATA**

In fact, the trouble with W.P.C.C. was that there were too damn many things to do and too little time to do them in.

So you asked yourself: "What do I do now?" You knew, of course, that you could easily spend all of your time studying and still not ever get ahead, but you knew too, that a good part of one's education came from other activities . . . even if you turned in late papers.

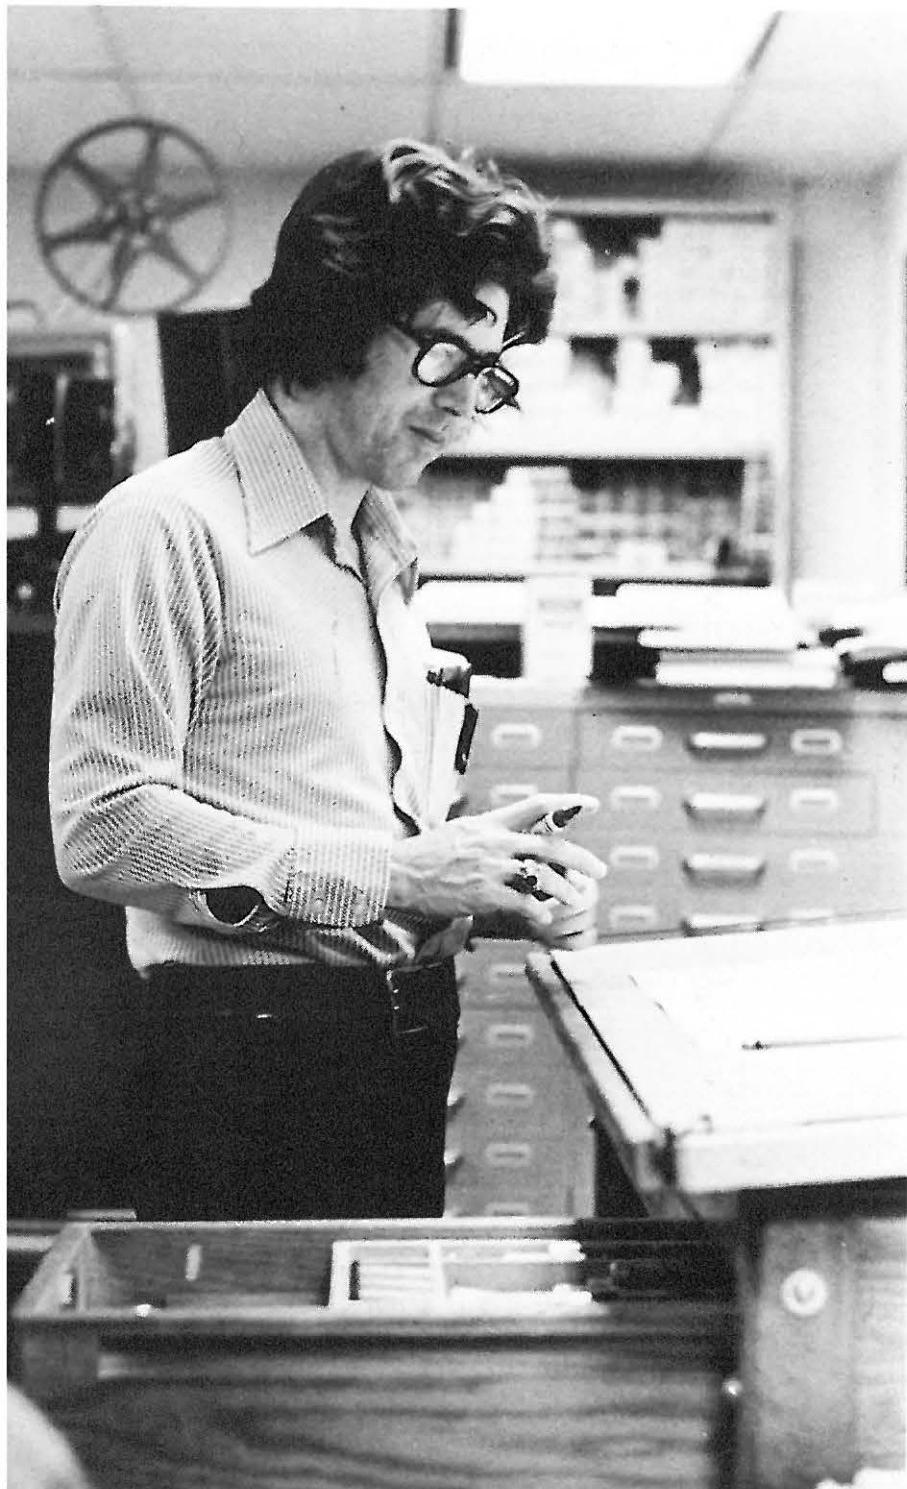

So you tried to achieve a balance . . .

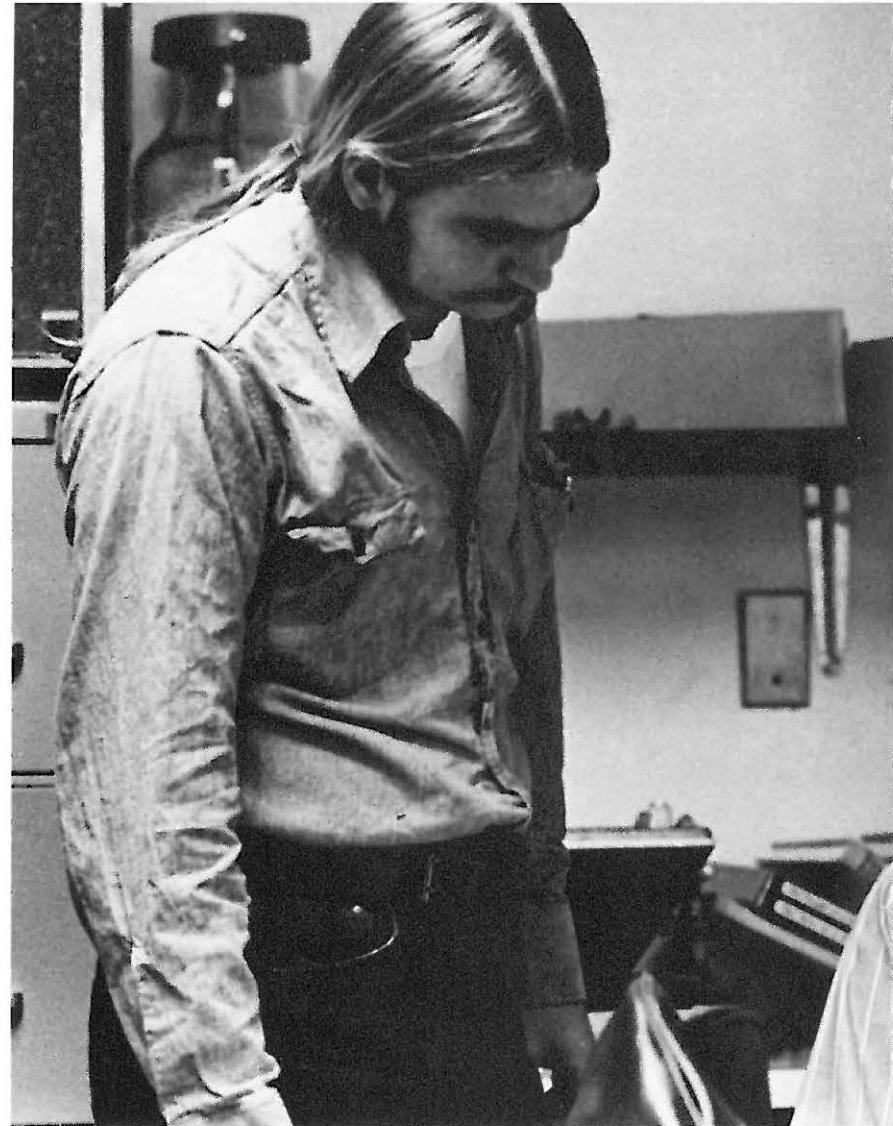

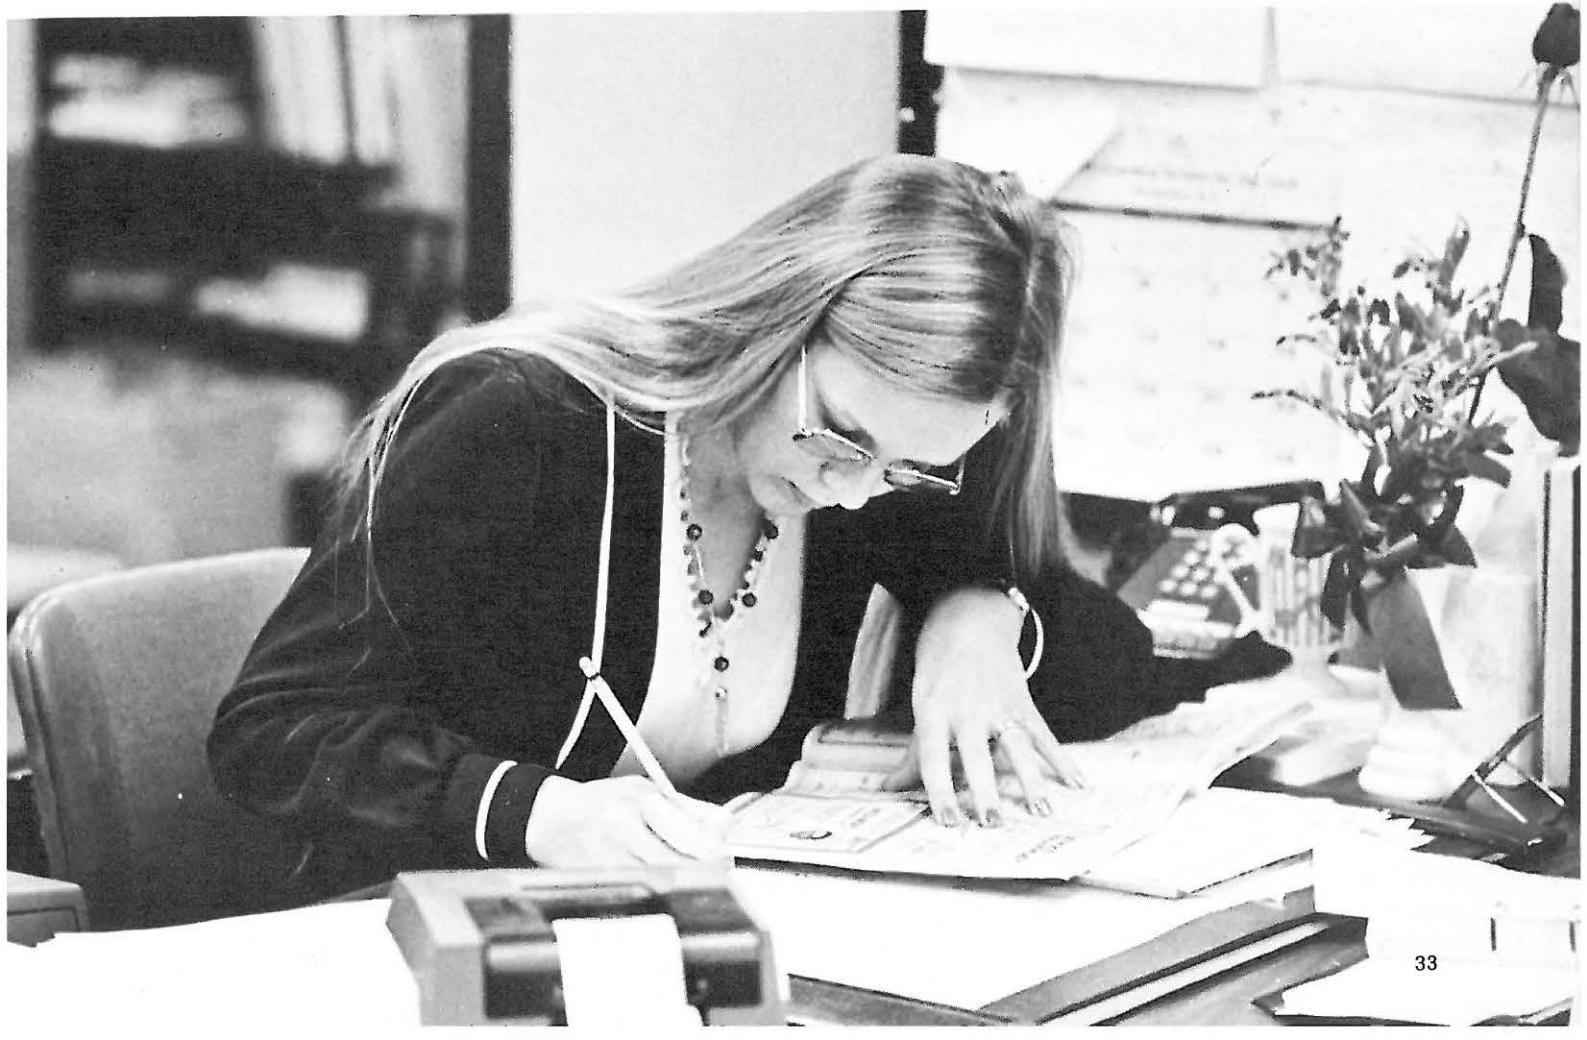

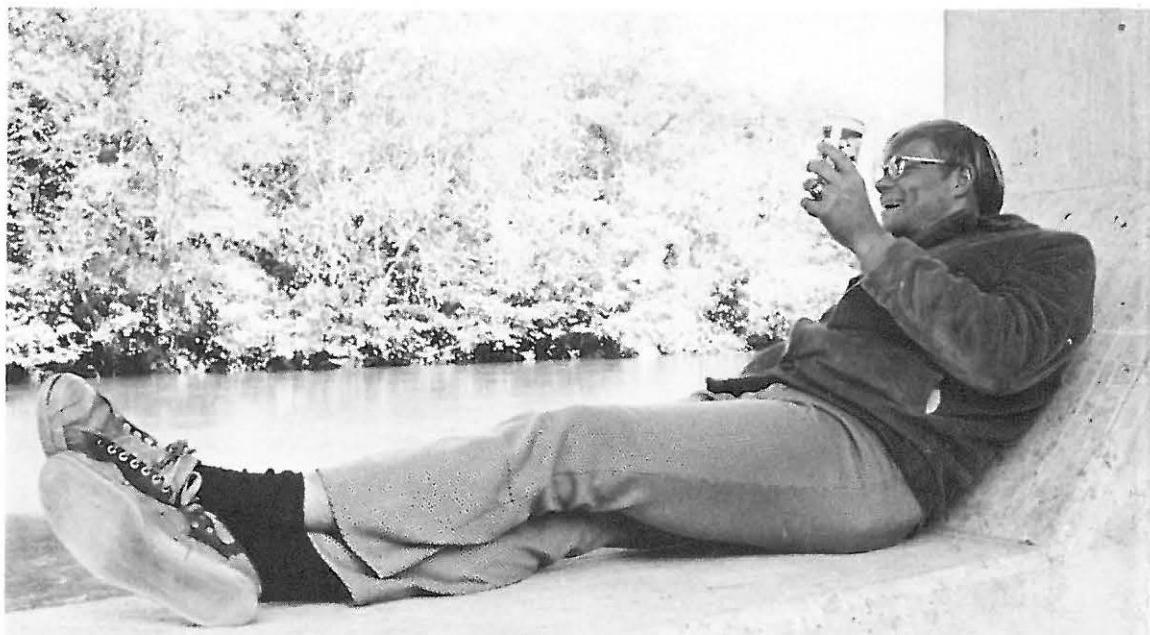

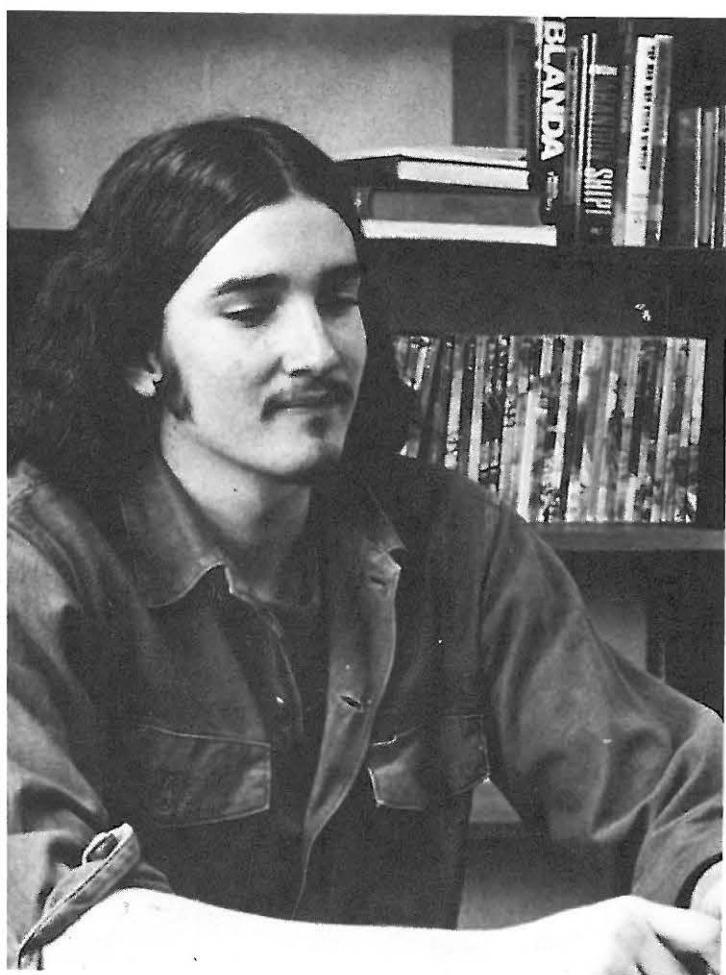

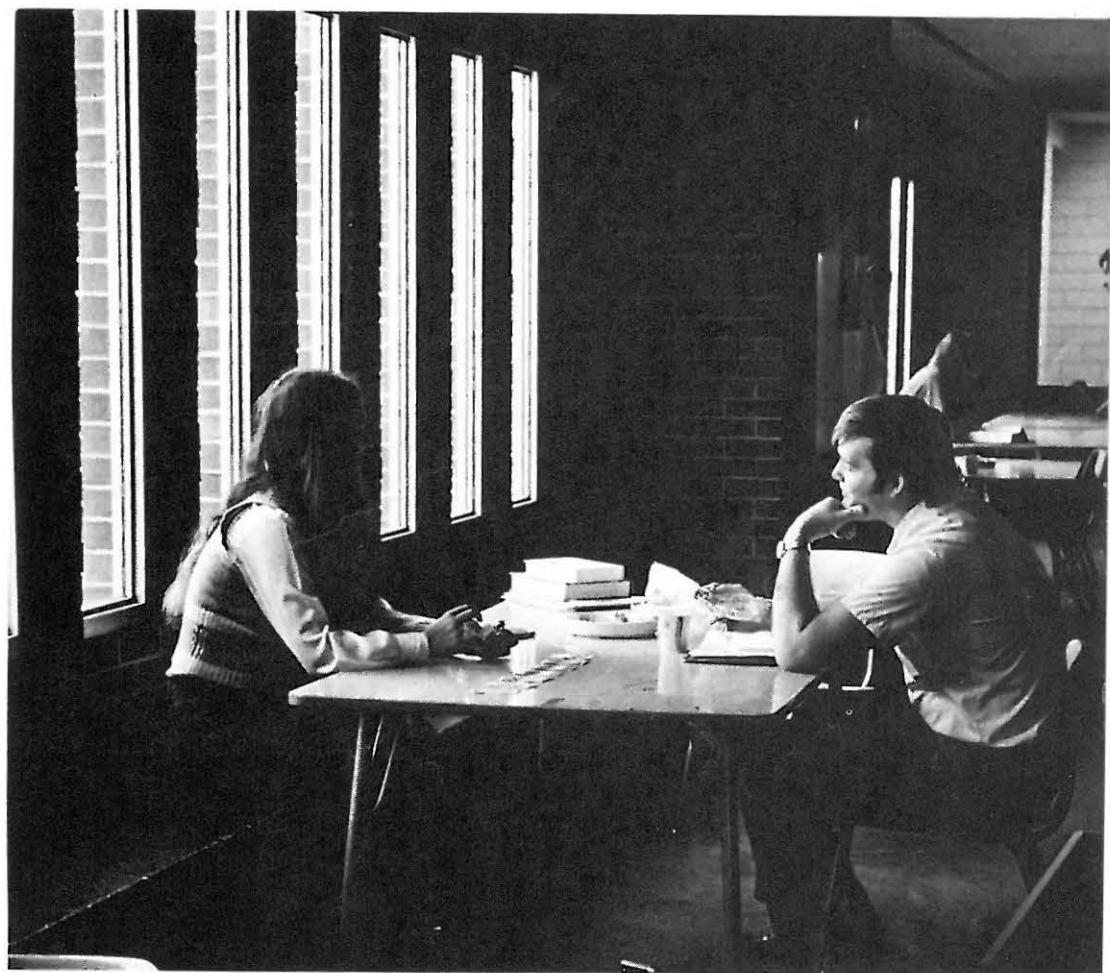

How many nice things  
can you find  
In this  
chuckle-choked puzzle-picture picture-puzzle.

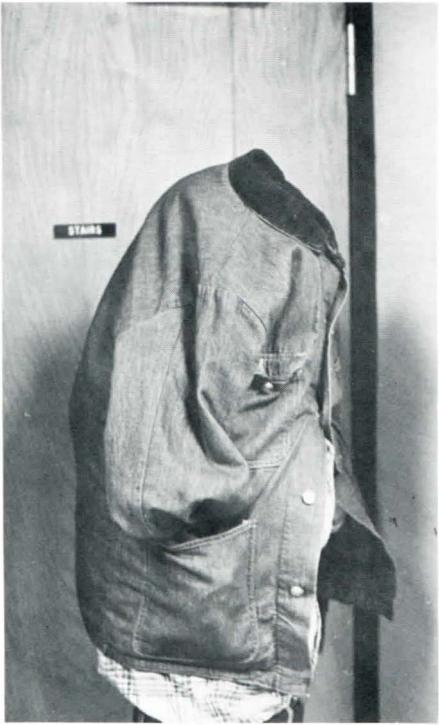

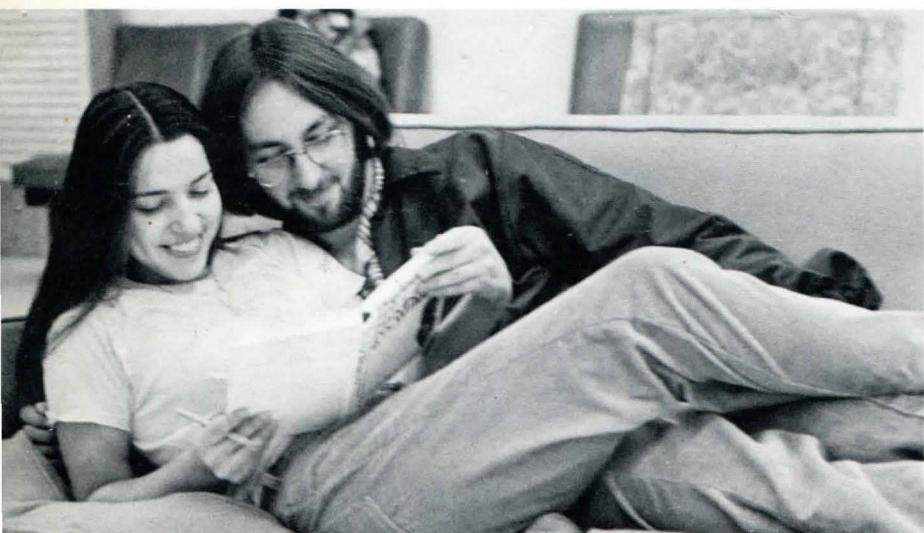

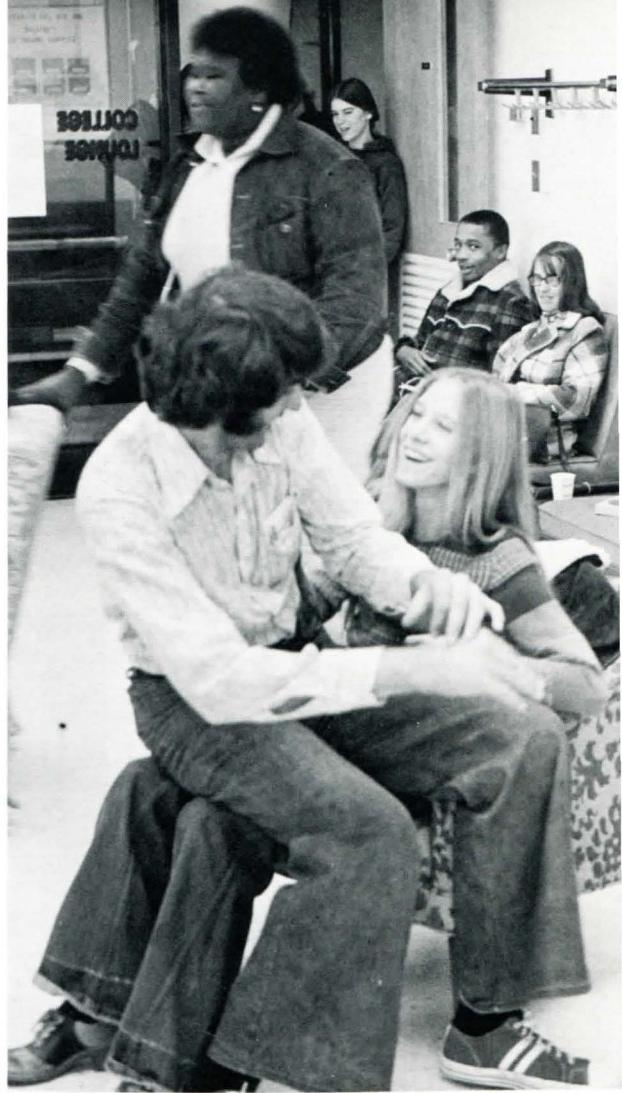

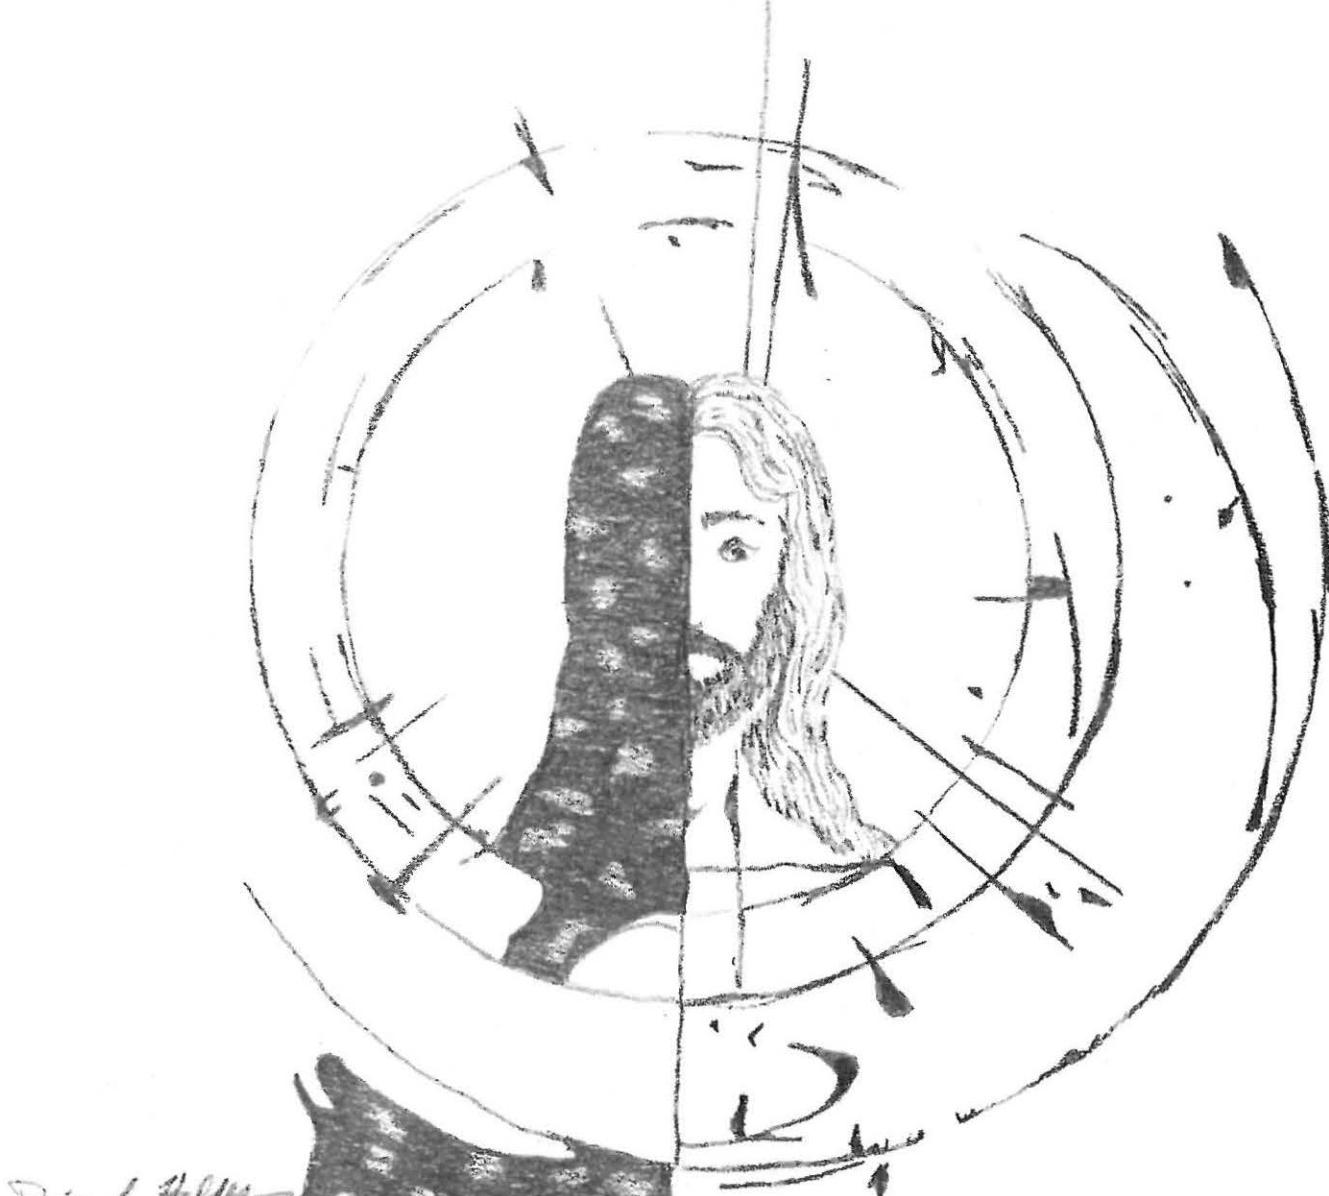

There comes a time for every student when he "she" just has to get away from all the grind and worry that comes in the package of going to W.P.C.C. You have got to get away, see a counselor, guzzel a beer, or just relate your feelings to a kind face.

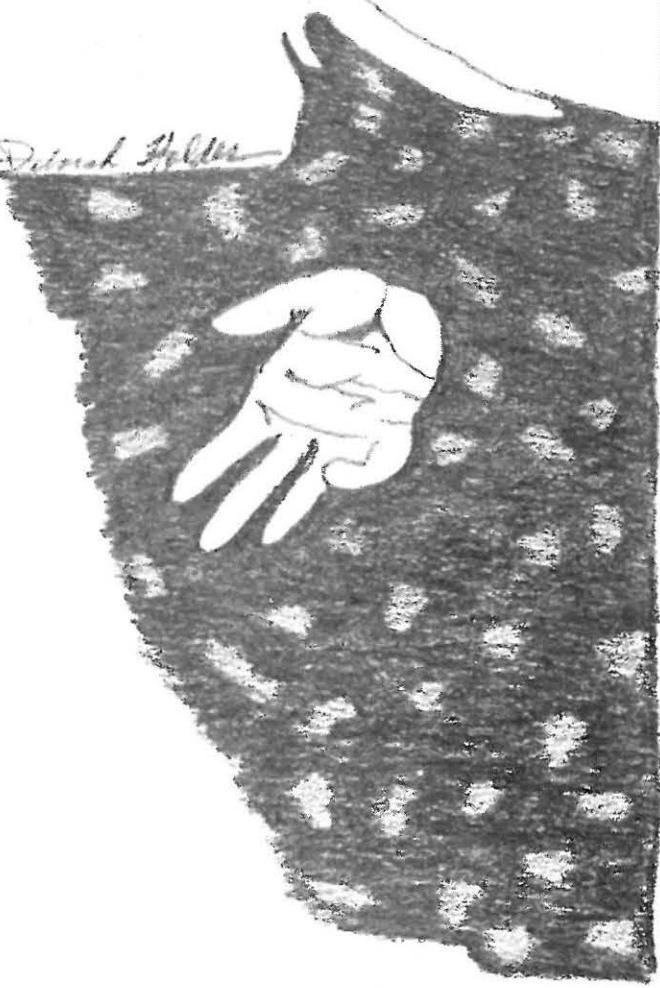

Finals suddenly stared you in  
the face,  
and you realized it was time to  
hit the books, burn the  
midnight oil.  
Through the day and through  
the night you worked.  
Where you went you cracked a  
book and tried to catch up on  
everything you had missed.  
Too often you realized at the  
end of the quarter that the  
classes you were taking could  
have given you so much if you  
had only worked a little harder  
as you went along.

Deborah Heller

Make me an instrument of thy peace;  
Where there is hatred, let me sow love;  
Where there is injury, pardon,  
Where there is doubt, faith;  
Where there is despair, hope;  
And where there is sadness, joy.

O Divine Master, grant that I may not so much seek to be consoled, as to console;  
to be understood, as to understand; to  
be loved, as to love; for it is in giving that  
we receive and it is in dying that we are born.  
— Saint Francis

Among the pages of history, there is no negation that truth best the lie, that beauty defeats the ugly, and that good is better than bad. However, there are those to whom the mediocre is good enough, for whom the pursuit of excellence is uneconomic, those who believe that the intellectual and artistic level of the readers of mass media are such that the best is always wasted anyway.

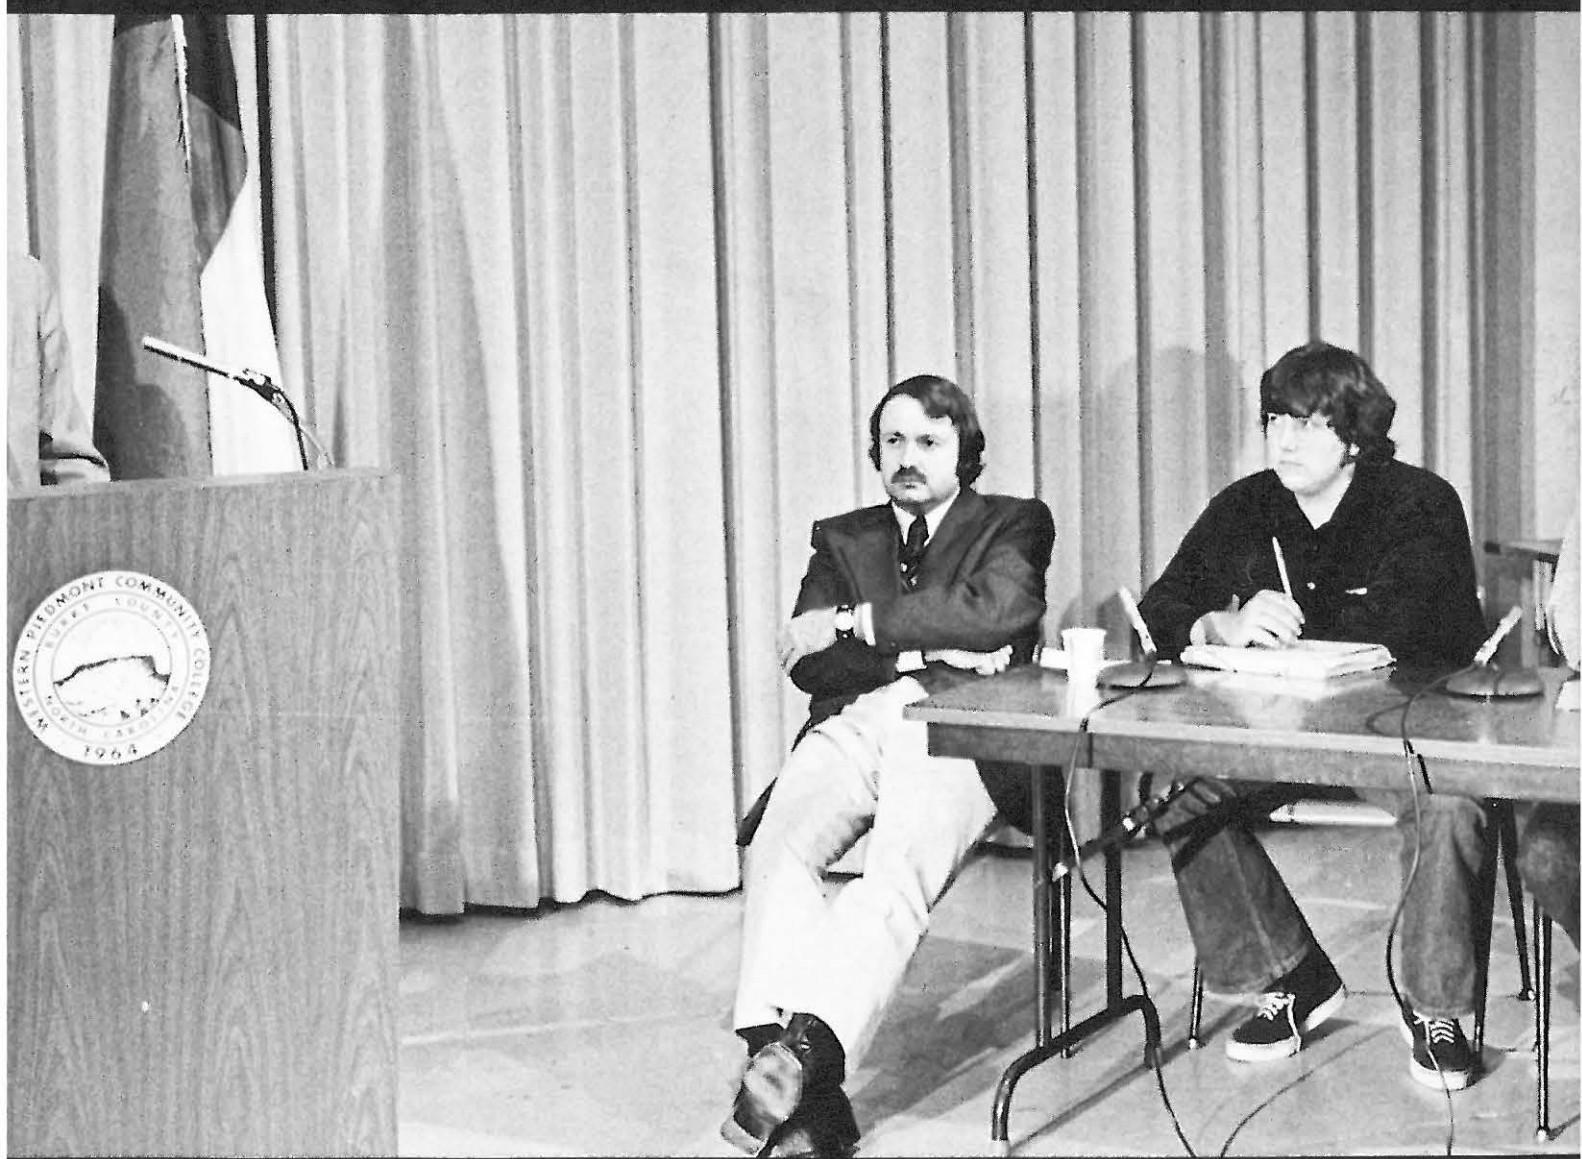

There can be no waste in the best. It occupies no more space than the worst. It never offends the ignorant. And it frequently pleases the knowing. It is important to please the knowing, for there are more knowing than not.

Most important is a continuing effort to please oneself, to set standards too high for attainment, and reap the exciting satisfaction of trying. A single occasion of getting by with barely adequate sets the stage for a future of mediocrity and attracts others for whom the best is too much trouble.

Special to The New York Times

WIN FALLS, Idaho, Sept. 8 them, rocking gently Knievel failed today in his down like a red attempt to rocket 1,600 feet across Christmas over the Snake River Canyon. For several seconds he was suspended in a tail parachute. It was learned that Mr. Knievel would be seen strung up inside the open cockpit of his rocket ship as it crashed into the craggy mountainside.

### The Autograph Hound

"The Autograph Hound," by James Prideaux, takes place in a New York apartment, possibly in the 60's. The family, the Hootens, are not the average American family.

The husband, Harry, is a non-talkative, hardworking bus driver. The daughter, Cissie, is homely, lazy and not very impressive as a person. Lila Hooten, the mother, is energetic, lively, demanding and an autograph collector. The Hooten family has adapted their life styles around Lila's vivacious hobby. Their lives are interrupted when Harry rups up Lila's autographs. The play is lively, witty, and fast. Prideaux's play is exceptional and has many underlying meanings.

Marta Grady

"Lemonade" by James Prideaux is a comedy about the problems of two upper middle class women in their fifties. Edith Nathrup and Mabel Lamston, portrayed by Yelitia Milton and Laura Mode respectively, release their inhibitions by trying to sell lemonade generously spiked with vodka and gin beside a highway in a small, midwestern town. When more drinking than selling actually takes place the results are sad but funny.

William Moore, Jr. was president of Seattle Central Community College. For the past eighteen years, he has worked in varying capacities at Forest Park Community College, St. Louis—the school that sends about half of its students on to further education. One of the few black college presidents in the United States, Moore grew up in the ghetto and experienced all of the things his students talk about. He is, perhaps more than anyone in higher education, qualified to "tell it like it is."

William Moore has had numerous publications and has lectured and acted as consultant with more than 300 two-year and four-year colleges. Two of his latest books are *BLIND MAN ON A FREEWAY: THE COMMUNITY COLLEGE ADMINISTRATION*, and *BLACK EDUCATION IN WHITE COLLEGES: PROGRESS AND PROSPECT*. Dr. Moore is also a Major Applied Research Advisor.

Charlita Soublet and Agalea Conley receive scholarship checks from Ms. Mildred Largent, president, Burke County NAACP unit. Both were chosen Martin Luther King scholars.

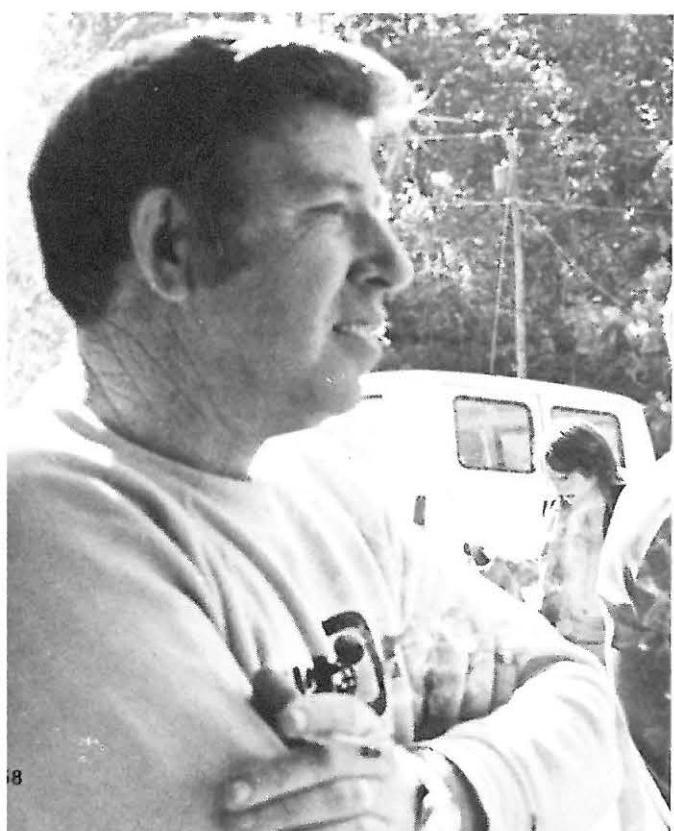

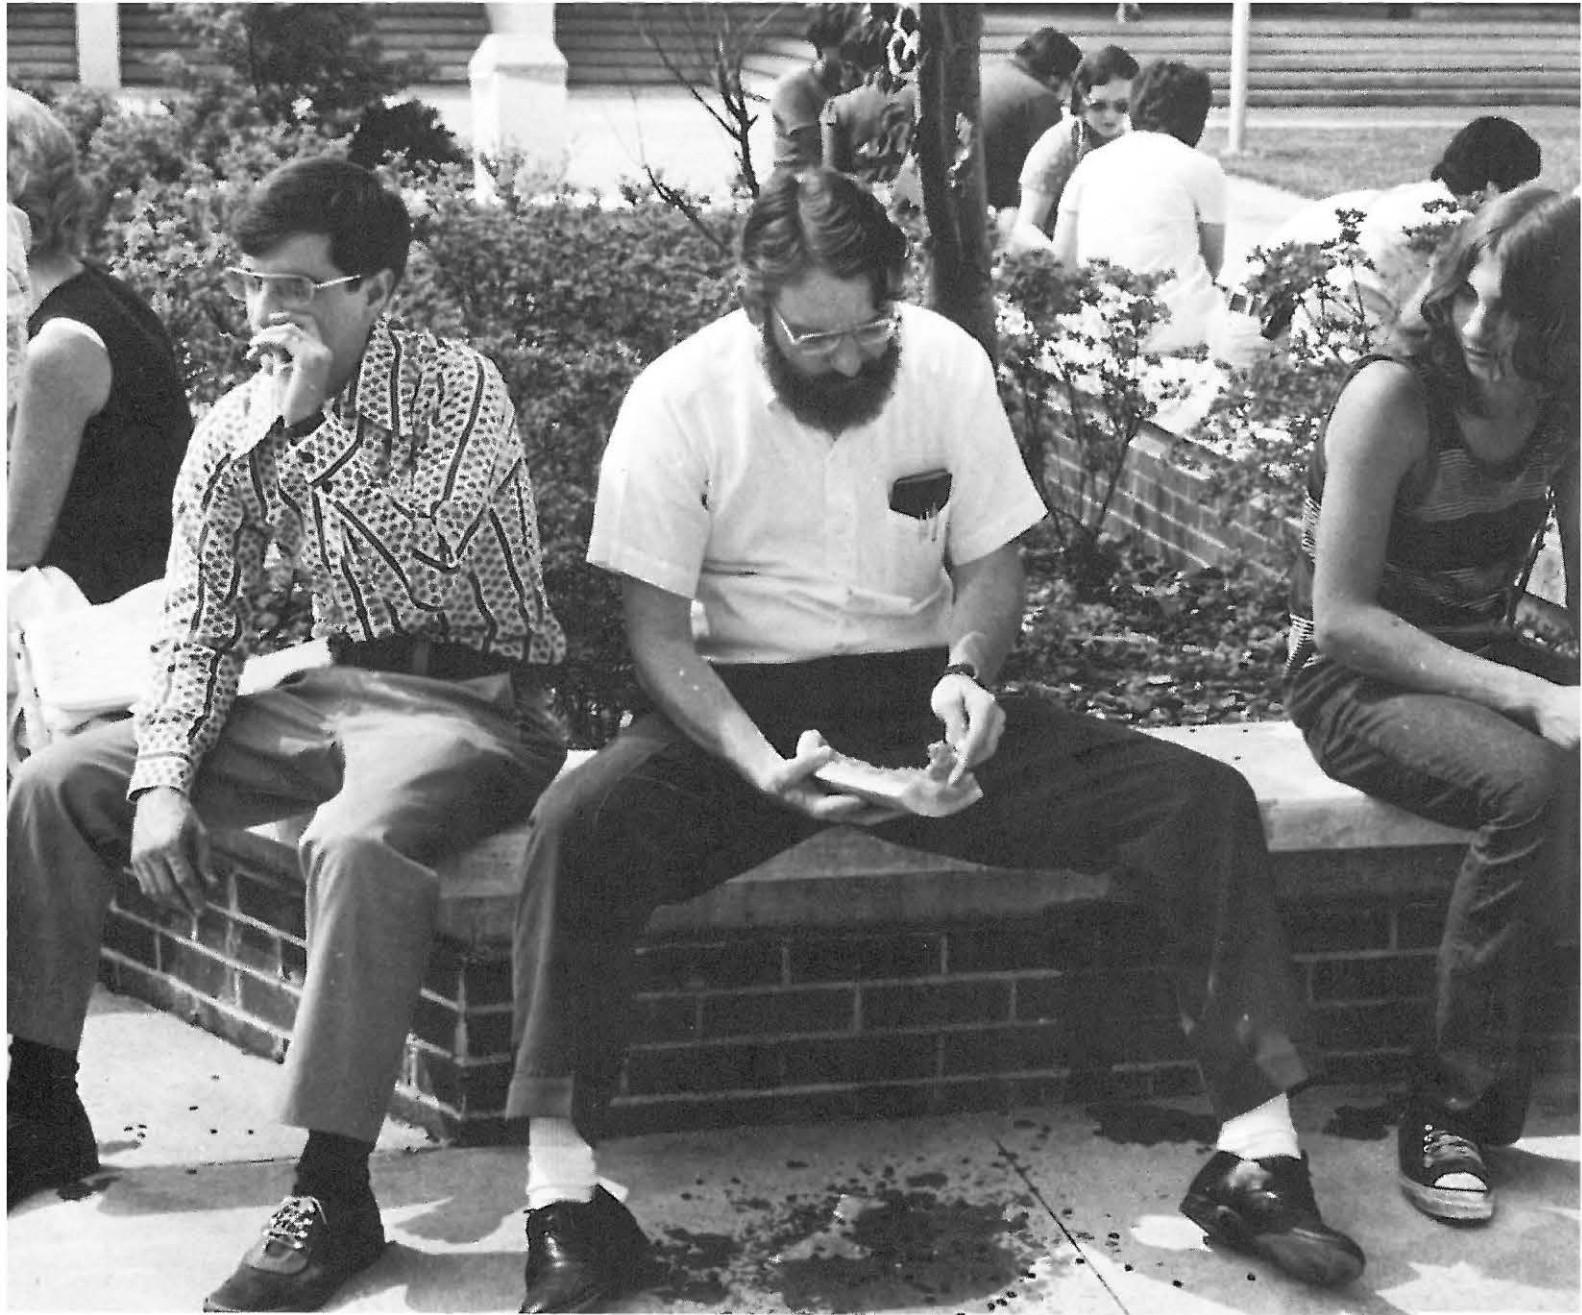

Various exhibits interest not only the student but also other members of the community.

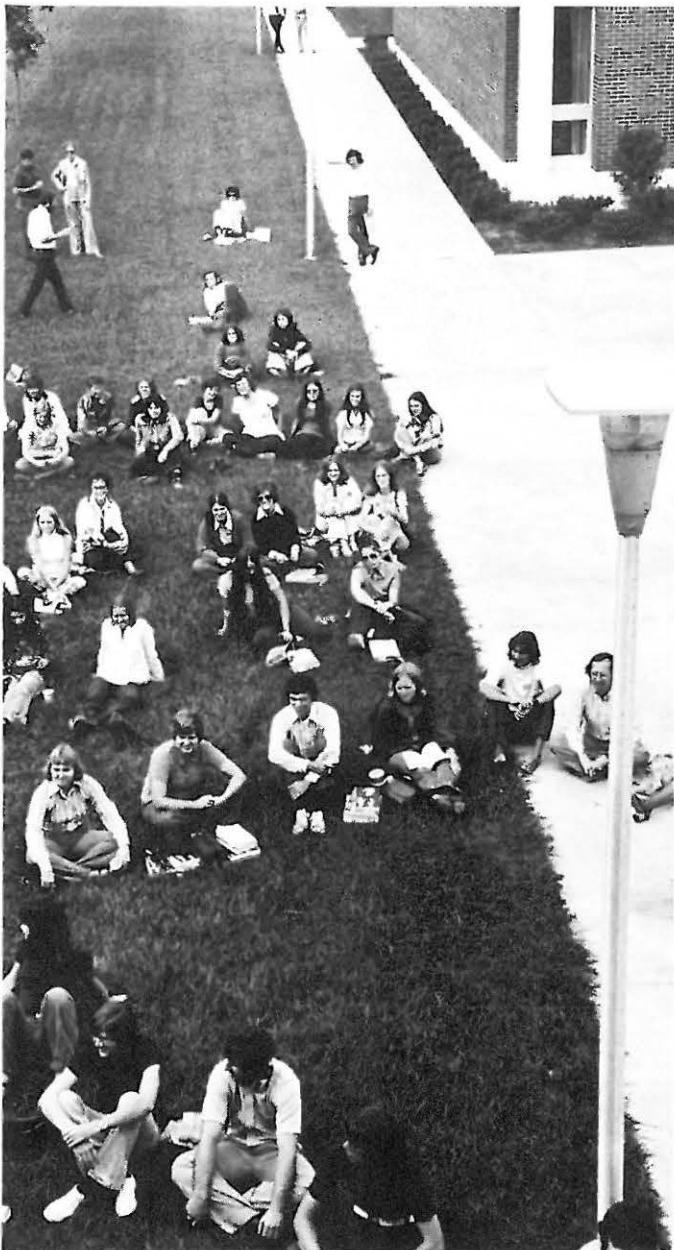

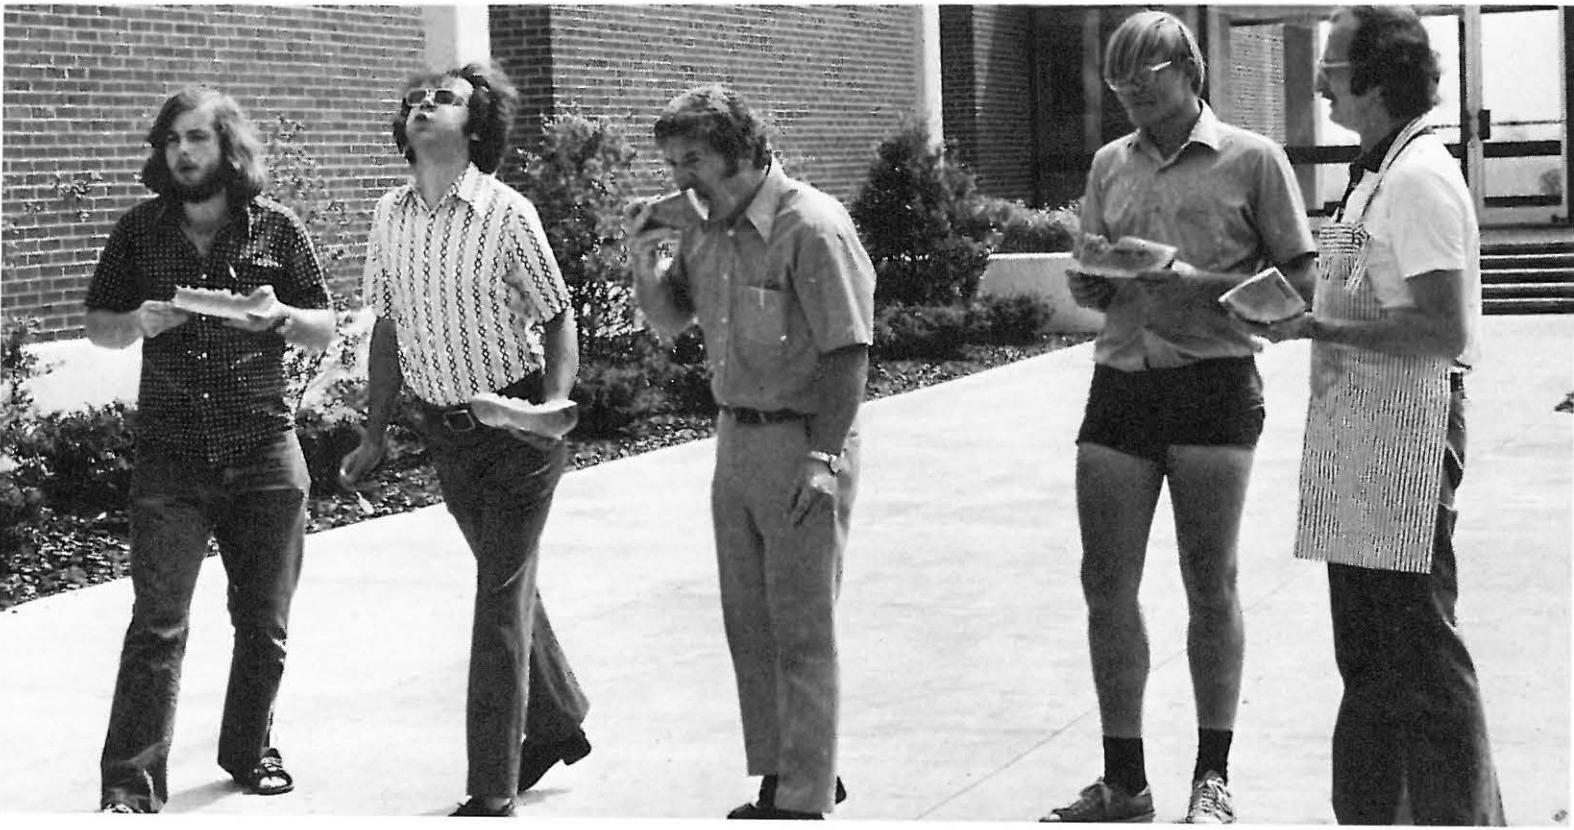

## SPRING TIME WPCC

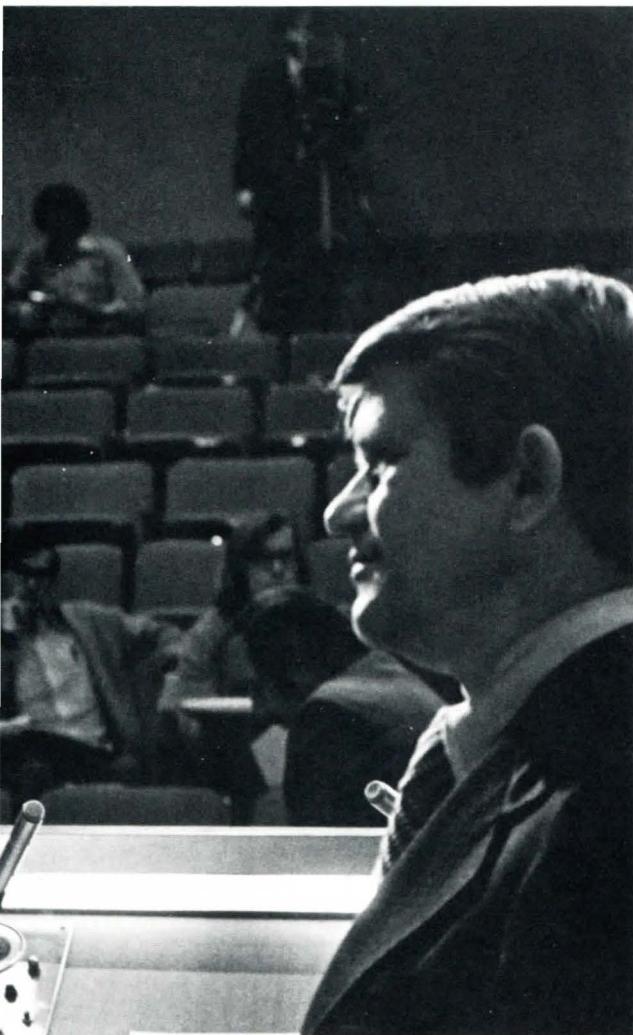

Watermelon Day is an annual summer happening sponsored by the SGA, with free watermelon for everyone.

Glaring sun rays beckoned us to hike  
those blue denims to our knees.

Robert Morgan, a democratic candidate for the senate, kicked off the speakers forum this year. His topic was the function and role of the Attorney General in meeting the needs of people in relating to North Carolina state government. He also emphasized issues relating to honest government, campaign reform, citizens responsibility to democracy, and progressive police reform.

## WESTERN PIEDMONT COMMUNITY COLLEGE

MORGANTON, NORTH CAROLINA

OFFICE OF THE PRESIDENT

To the Students of Western Piedmont Community College:

The Yearbook Staff of your Student Association has asked me to present a statement to be included in this issue of The Happening. I welcome the opportunity to do so because, by the nature of his work, a community college president has all too little contact with students. Yet, it is the contact with the students of Western Piedmont Community College that gives me and my colleagues on the faculty and staff the greatest satisfaction in our work.

A yearbook such as The Happening serves many purposes, one of which is to chronicle, in a pictorial way, varied impressions and perceptions of the year at the College. Years from now, I am sure we will all look back on the academic year 1974-75 with fond recollections. I hope this issue of The Happening will aid us in that task.

As we reflect on the year's activities, we soon recognize that, above all, Western Piedmont Community College is a student-oriented college. Our emphasis is on serving our students with the best possible educational programs. This quest for quality instruction, coupled with our sincere interest in providing personal attention to the needs of our students is no accident. It results from a deliberate effort on the part of the trustees to provide the citizens of Western North Carolina with a model institution of higher education. It results from a strongly dedicated and highly conscientious faculty and staff to whom working at the College is more than just a job but rather a personally and professionally stimulating challenge. It results from hard work, generosity and strenuous efforts on the part of many citizens who assist and support the College in a variety of ways. It results from the involvement of many students who strive to continuously improve the College. It results from a team effort motivated by a sense of pride for making this a quality institution of higher education.

Western Piedmont is a strong and unique institution of higher education offering a variety of comprehensive educational opportunities for the people of this region. The College offers trade programs, yet we are not just a trade school. It offers technical programs, yet we are not just a technical school. It offers continuing education programs, yet we are not just a continuing education center. It offers liberal arts and preprofessional undergraduate programs, yet we are not just a junior college. The College is a compound of all these functions, and as a comprehensive community college, the whole is greater than the sum of its parts.

WESTERN PIEDMONT COMMUNITY COLLEGE

DEAN OF THE COLLEGE

MORGANTON, NORTH CAROLINA 28655

Students of WPCC:

In a few months I will be observing the tenth anniversary of my direct association with Western Piedmont Community College. During this period, it has been my privilege to see the development of the College from its beginning in a set of raw plywood office stalls in the basement of Morganton's City Hall, through the two and one-half years spent in the sixty year old Central School Building (now demolished), to the move to the present campus in March of 1968, and then through the second phase of construction on our present campus. Now plans are underway for further expansion to take care of the needs of an ever-growing student clientele.

During this period, our enrollment has grown from slightly more than a hundred students enrolled in adult education classes in October of 1965, to our present enrollment of 1500+ curriculum students and 6000+ continuing education students each year.

This growth in physical facilities and enrollment indicates that many things are being done right by faculty, staff, and students. I hope that each of you is receiving from the College and its staff those things you hoped to receive when you decided to join the Western Piedmont Community. Also, I hope that each of you is not just receiving, but is also making some positive contribution to your fellow students, your teachers, your other associates, and the College.

Best wishes to all.

Then said a teacher, Speak to us of Teaching.

And he said:

No man can reveal to you aught but that which already lies half asleep in the dawning of your knowledge.

The teacher who walks in the shadow of the temple, among his followers, gives not of his wisdom but rather of his faith and his lovingness.

If he is indeed wise he does not bid you enter the house of his wisdom, but rather leads you to the threshold of your own mind.

The musician may sing to you of the rhythm which is in all space, but he cannot give you the ear which arrests the rhythm nor the voice that echoes it.

And he who is versed in the science of numbers can tell of the regions of weight and measure, but he cannot conduct you thither.

For the vision of man lends not its wings to another man.

And even as each one of you stands alone in God's knowledge so must each one of you be alone in his knowledge of God and in his understanding of the earth.

Kahlil Gibran

# Activities

# STUDENT GOVERNMENT ASSOCIATION

Student government is a proving ground for leadership and also a rallying point for joining forces with others and working. Every campus is determined by the vitality, or lack of it, of its student organizations.

The Student Association at Western Piedmont is a member of the North Carolina Comprehensive Community College Student Government Association, and delegates from Western Piedmont attended the state-wide association's convention held in Charlotte during January 1975.

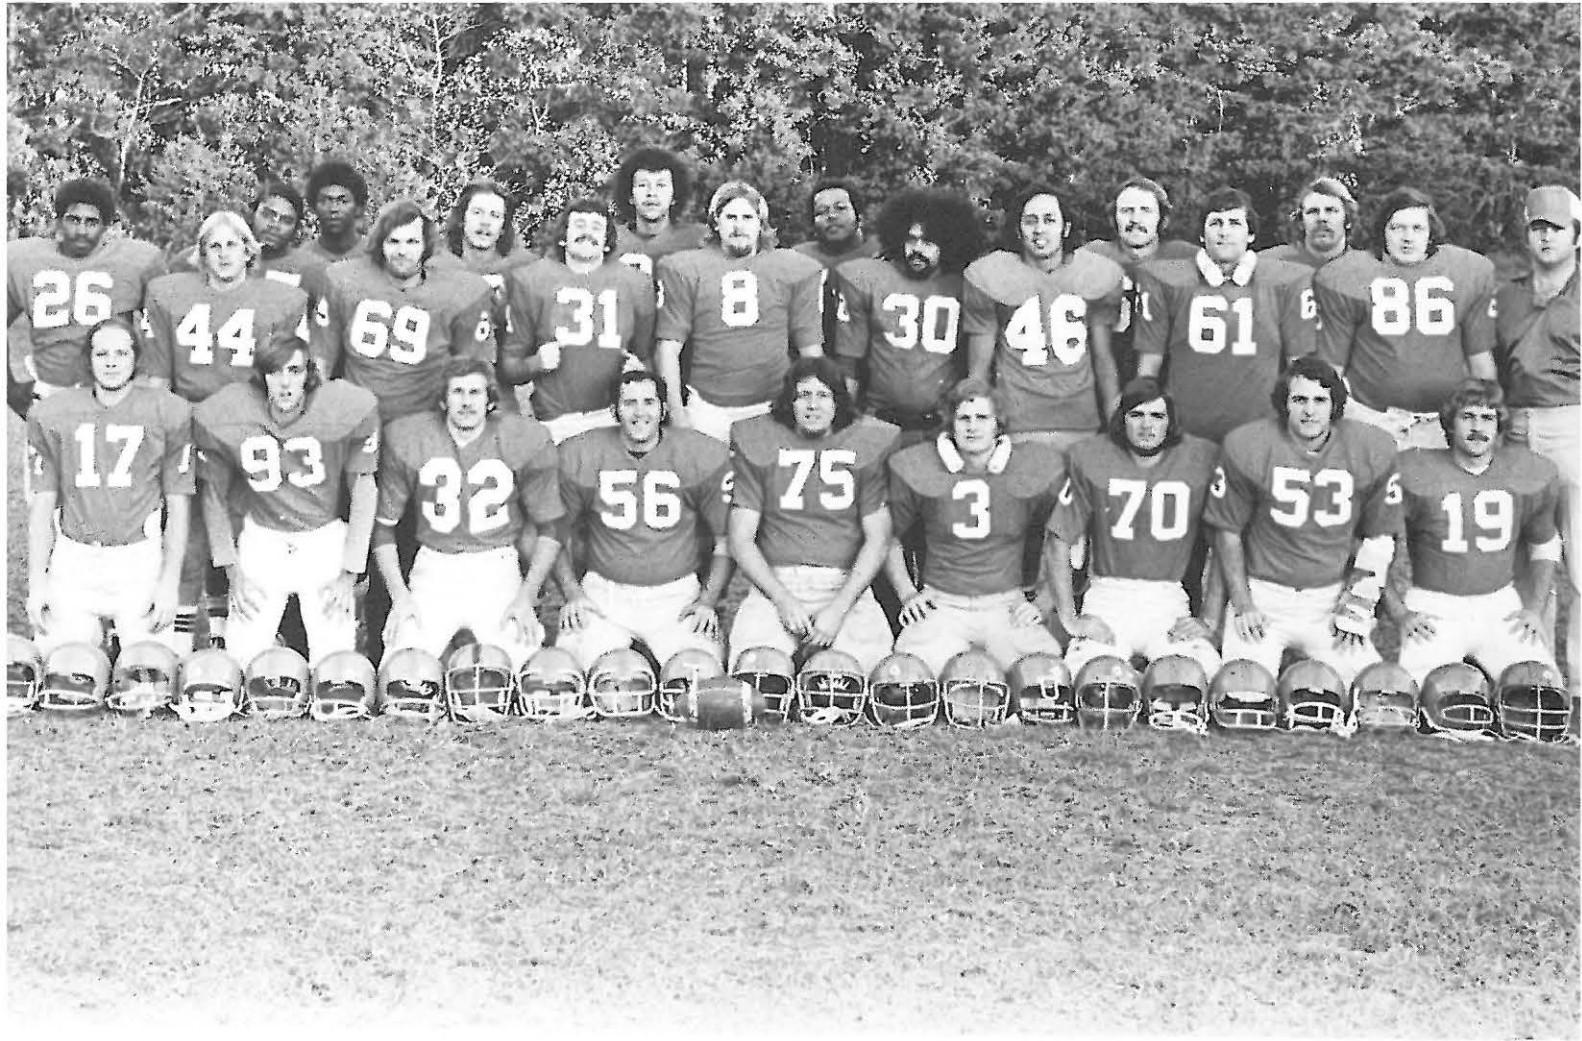

# ROTRACT CLUB

The purpose of Rotaract is to stimulate acceptance of high ethical standards in all occupations, to develop leadership and responsible citizenship through service to the community, and to promote international understanding and peace.  
Sharon Wycoff — President

# NEWSPAPER STAFF

The student newspaper, traditionally known as the Campus Candor, this year adopted the unofficial new name of The Moving Finger, symbolising departure from conventional daily newspaper style. Since the paper is published monthly, the staff elected to follow the lead of other monthly publications, rather than that of daily and weekly journals. The trend was away from short-term news stories and toward long-range trend stories and editorials. The staff also elected to give greater prominence to student opinion, arts and letters, and innovative layout and design. The publication is edited by and for students, and supported entirely student funds.

# Gold Records Of 1974

Following is the list of gold disk awards certified by the Record Industry Assn. of America during 1974 up to Dec. 13. To qualify for an RIAA gold disk, a single record must sell 1,000,000 copies while an

album must gross \$1,000,000 on the manufacturers level. Record listings marked with an (S) refer to single disks; all others refer to albums.

## Harrison Tour Set: 'They're All Hustling Him'

LONDON—George Harrison is touring the United States this fall. That much is certain. But that's about all that's certain.

Originally, reports out of Los Angeles early last month had Harrison's lawyers setting up a tour for September, with plans for 25 concerts in 12 to 15 cities. But the story—which leaked earlier than any tour principal wished, and included a rumor that Harrison would be accompanied by the reclusive Eric Clapton—generated a flurry of denials.

Now it appears the tour is on and that Harrison will most likely be working with Ringo Starr, Alvin Lee (leader of Ten Years After, whose recent album with Mervin LeFevre featured Harrison

Each one of us is a mixture of good qualities and some perhaps not-so-good qualities. In considering our fellow man we should remember his good qualities and realize that his faults only prove that he is, after all, a human being.

We should refrain from making harsh judgment of a person just because he happens to be a dirty rotten no good son-of-a-bitch.

Our Nation ~~xx~~ is, as ~~now~~ you know, afflicted with an acute humor shortage. This shortage has led to an inevitable decision on our part, namely, whether to ration our existing supplies of humor, or to tax them at a higher rate. After much deliberation, we have decided that rationing would be far too fair to the poor.

We have not hoarded our supplies of humor, that we have not slowed down our production facilities to 40% of the 1974 levels and have not allowed ourselves to become increasingly dependent on imported x sources x of humor.

This is a time when instead of reading about it in the bathroom you do it. So get out there and get in there. Keep your head high. Keep your options open. Shock your parents. Blow up ur neighborhood.

YOUNG, BEVERLY R.

When Bill was a lad he was terribly bad.  
He worried his parents a lot;  
He'd lie and he'd swear and pull little girl's hair;  
his boyhood was naught but a blot.

At play in school he would fracture each rule —  
In mischief from autumn to spring;  
And the villagers knew when to manhood he grew  
He would never amount to a thmg.

When Jim was a child he was not very wild;  
He was known as a good little boy;  
He was honest and bright and the teacher's delight

To his mother and father a joy.

All the neighbors were that his virtue'd endure,  
That his life would be free of a spot;  
They were certain that Jim had a great head on him  
And that Jim would amount to a lot.

And Jim grew to manhood and honor and fame  
and bears a good name;  
While Bill is shut up in a dark prison cell —  
You never can tell.

NO  
SMOKING

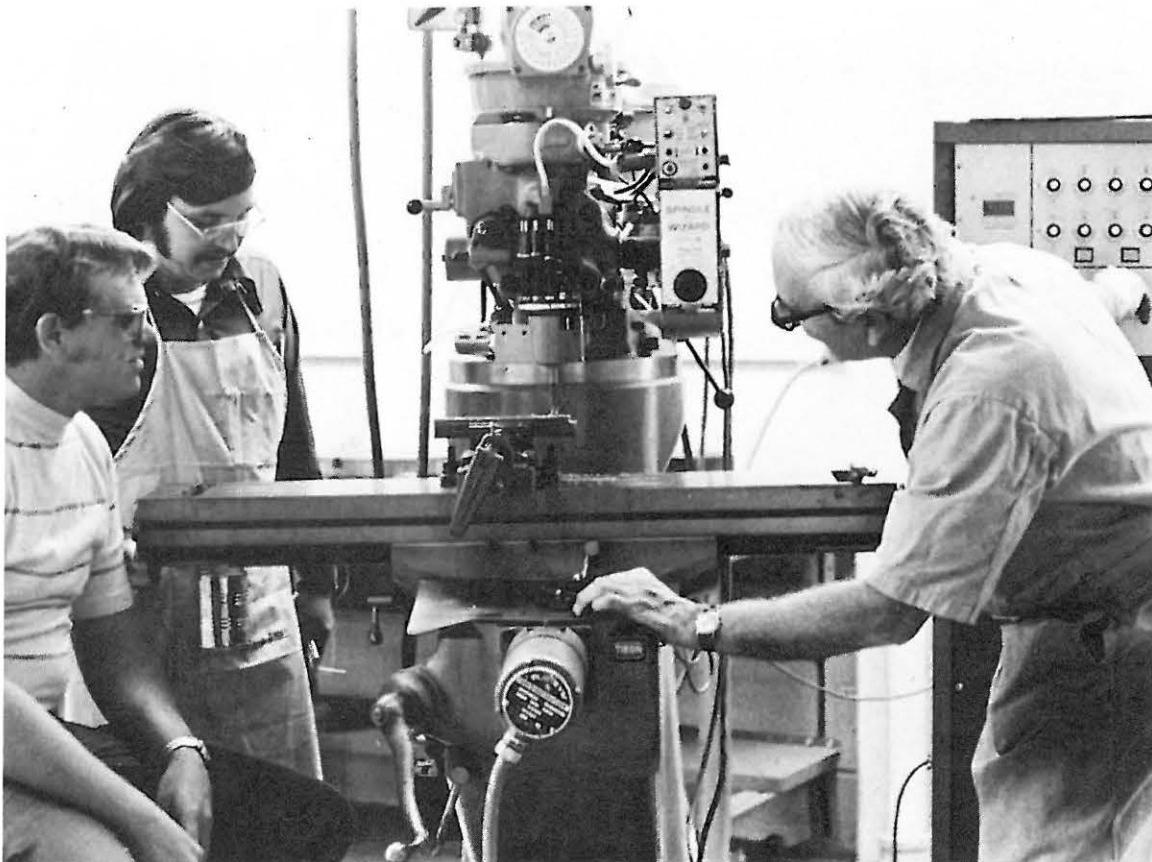

You shall be free indeed when your days are  
not without a care nor your nights without a  
want and a grief,  
But rather when these things girdle your life  
and yet you rise above them naked and un-  
bound.

And special thanks to Student Services.

Your finished gestalt is here, you know who and what you are. If you are pleased with your situation in life . . . I congratulate you. But I say we had best take a good look around and analyze the condition America and the rest of the world is in. Never was there more hatred, thoughtlessness, and blindness at heart, than at present. If by chance you see these problems, and wish to help . . . I join you. On the other hand, if you see not this unbalance virtue of greed . . . I pity you. For you had rather be helped, than to help; rather waste than share; rather receive than give.
